

For AA outback - NT Tagalong

Each year the opportunity arises at the end of the Qld outback tagalong for a new group of travellers to form, banded by their destination - the Bill W Camp at Douglas Daly (NT) and the Northern Territory fellowship.

We are warmly greeted at the rallies and daily local meetings in Darwin, swelling with visitors during the dry season. We gather at Mindil Beach Markets for early dinner and sunset, sharing stories about the gifts of sobriety we found.

We wonder at the weather - how this northern coastline packs such a punch to us sensitive southerners. We scurry to the range of warmish springs and cool waterfalls in the parks around us, and immediately forget our discomfort in their surreal beauty. We delight in our discoveries of beautiful camping spots all through the NT, say our goodbyes as new groups of travellers form and head off to another rally or home. There's always room for more of us on this road to happy destiny! Join us if you can.
